Stay Cool and Enjoy Breezy “Beachside” Vibes at Panda Café's Summer Buffet

Delicious seafood dishes and cold desserts will feature in this refreshing summer spread

[5 July 2018] Panda Café has geared up for summer with a light and delectable buffet this month, featuring plenty of cold dishes that'll be sure to cool you down after having some fun in the sun.

Begin your meal by indulging in the array of **Sushi** and **Sashimi** on offer, as well as **Cold Soba** and even more seafood at the numerous seafood counters, which will be serving up oceanic delights such as **Brown Crab** and **Fresh Prawn**. If you're after heartier dishes, sample the bubbling **Oden**, Japan's version of hot pot filled with ingredients such as daikon, fish cakes, and boiled egg cooked in a savory dashi broth; or take your pick of barbecued skewers in the **Robotayaki** section.

It wouldn't be a true summer bash without icy treats. For dessert, Panda Café has got you covered with **Shaved Ice** in a variety of flavours (pineapple, peach, cherry) and **Hydrogen Ice Cream**.
